VOL. IX CHICAGO, WEDNESDAY MORNING, APRIL 2, 1856. NO. 244.

THE CHICAGO DAILY TRIBUNE,
PUBLISHED
BY WRIGHT, MEDILL & CO.,
In the Tribune Buildings, No. 53 Clark Street.

TERMS OF SUBSCRIPTION:
Daily delivered in the City, by Boys or Men, for $8.00 per annum, payable monthly, quarterly, in advance, or 12 cents per week. Mailed by mail, $7.00 per annum, if paid in advance, but $8.00 if not paid in six months, $8.50 in advance; three months, $2.00 in advance.

THE CHICAGO TRI-WEEKLY TRIBUNE is published Tuesdays, Thursdays, and Saturdays, in time for the fastest Express Mails. It is of the same size with the large Weekly and Daily, and contains all the reading matter of two days. It is the cheapest edition for readers in the country. It will be forwarded to mail subscribers at the low price of $4.50 a year in advance, or six months for $2.50. Delivered in City to subscribers at $5 per year, or 10 cents per week, payable to the Carrier.

THE WEEKLY TRIBUNE will contain very full and correct Market Reports, prepared with scrupulous care and accuracy.

Every Post Master is authorized to call subscriptions for the Daily Tribune, to the city.

☞ Country newspapers can receive our Daily in exchange by paying a difference of five dollars per year, or three months, and our Tri-Weekly, by paying two dollars, in advance. In exchange with our friends in the country who assist us to do so, would impose an unreasonable tax upon us, and we are therefore compelled to make a charge sufficient to protect us from actual loss.

CITY OF CHICAGO.

Wednesday Morning, ... April 9, 1856.

Kansas Outrages.

The Kansas Committee left Washington on the 31st March. Mr. Howard and Mr. Sherman visit their families, and are to meet in this city next Monday. Mr. Oliver is now on his way to Missouri. He will join his colleagues on the frontier. It is supposed that the work of the committee will commence about the 15th of April, and that they will be completed on or before the 1st of June.

Real Estate Property in Boston.

The Atlas gives an account of the sale of a lot of ground on the corner of State and Exchange streets—23 feet on *State* and 54 on *Exchange*—for the moderate sum of $90,000, or $3,913 per lineal foot on its most valuable front. At this rate, a lot in this city on the corner of Clark and Lake streets, 25 feet on Lake and 99 on Clark would bring $143,140, or $6,180 per lineal foot, measured on Lake street —which property is now valued at about $1,200 per foot, and by all Yankee-dom is regarded as most extravagantly inflated at that. Chicago has a population of 80,000, and Boston, Roxbury and Cambridge of 180,000—not difference enough to account for the wide difference in the prices of property in the two places.

The purchaser of the Boston lot was the Merchants' Bank, and the lucky seller, Peter C. Brooks.

Outrageous Delay.

If we are correctly informed, the Abolitionists feel unfavorably towards any of the peculiar condition of the whites in Oregon. Doubtless their danger is exaggerated, for the last accounts speak of their being exterminated. But it has been certain, for a long time, that the settlers were threatened in every point, and yet nothing, comparatively, has been done to protect them.

The subject was brought to the attention of the House of Representatives, at Washington, on the 28th.

Mr. Lane (Oregon) called attention to the horrible sufferings of the whites in Oregon and Washington Territories, caused by the unprovoked outrages of the Indians, 20,000 of whom, armed with rifles, were upon the war path. He said that no step of the Administration had been taken to put a stop to the horrors; and he moved that so much of the Executive Message as related to Indian affairs be referred to the Committee on Military Affairs, with instructions to inquire into the subject, and report a bill for the speedy suppression of Indian hostilities. He had received letters from his people, that they considered it to be the duty of the Government to protect them from its wards, and that they were determined to do it themselves, if it was not done by the Government. They had petitioned Congress, and they considered it to be reminder of the cowardice and baseness of the Administration, that they were compelled to petition for the protection of property and life. They had been driven to the wall, and they would defend themselves. If they had to fight for their lives, they would fight like men. They had long heard the cry of "wolf, wolf," and they had become used to it. If they did it was a wolf in reality. They had petitioned for relief, and they had been told that they must wait. They were willing to wait, but they could not wait for the slow movements of the Government. They were willing to wait, but they could not wait for the slow movements of the Government. They were willing to wait, but they could not wait for the slow movements of the Government
